“Rethink Afghanistan”

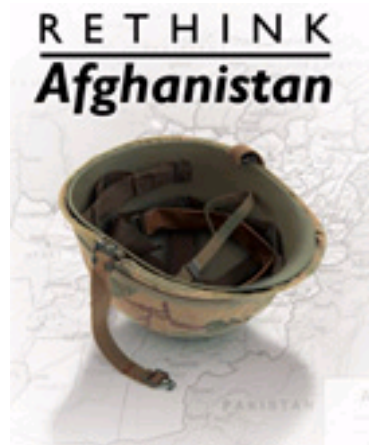

A film followed by a facilitated discussion

Thursday, March 25th, 6:00 pm

At Lane Memorial Library, 2 Academy Avenue, Hampton NH

"Rethink Afghanistan" is a groundbreaking documentary by filmmaker Robert Greenwald (*"Iraq for Sale: The War Profiteers," "Wal-Mart: The High Cost of Low Price"*). He made several trips to Afghanistan to interview members of Afghanistan's parliament, US military, women's rights organizations and peace groups as well as foreign policy experts.

"Rethink Afghanistan" raises critical questions about the consequences of US policy and troop escalations that all Americans need to consider.

Free and open to the public.
