## **Myth America**

Wednesday, July 1<sup>st</sup>, at 7 pm

At the Durham Community Church, 17 Main St,  
Durham NH

Cindy Sheehan began her anti-war activism after her oldest son, Casey, was killed in Iraq in 2004. She rose to international prominence when she camped on the doorstep of George Bush's Crawford Ranch in August 2005.

Cindy recently published an Internet Booklet titled: *Myth America: 10 Greatest Myths of the Robber Class and the Case for Revolution*.

Cindy is currently on tour to spark the dialogue and activism we need to separate ourselves from the oppressive Robber Class.

She will also speak about countering military recruitment of our youth.

**Free and open to the public. Donations welcomed!**
