

# *Loving our Enemies*

## Father Louie Vitale speaks on Nonviolent Responses to Terrorism

Thursday, June 4, 7pm

Durham Community Church, 17 Main Street, Durham NH

Fr. Louie is an irrepressible storyteller and peace builder. He shares his life experiences and wisdom on dialoguing with our enemies instead of warring against them. Just back from Iran, he will share about the forging of new relationships with the Iranian people and government, and his nonviolent witness and action at Creech Air Force Base and Fort Huachuca.

**Join us as Father Louie invites us to consider effective nonviolent policies as alternatives to torture and killing of “terrorists.”**

*Fr. Louie had a conversion to nonviolence after he left the air force. He has been on human rights delegations beginning in the 1980s in Latin America and lately in Jordan, Lebanon & Iran. He served prison sentences for crossing the line at the School of Americas in Fort Benning GA, where the US trains soldiers in torture techniques.*

*Fr. Louie was among the 14 activists arrested in April 2009 at Creech Air Force Base in Nevada. Creech AFB is home to the latest high tech weapons that use unmanned aerial systems - drone planes - to carry out lethal attack missions in Pakistan, Afghanistan and Iraq.*

Free and open to the public. Donations welcome.
